\* Sum of transmission capacity allocated in yearly coordinated auction

\*\* Forecast of available capacity for monthly and daily auctions

\*\*\* Forecast of available capacity for monthly or daily auctions. For direction DE/CZ/SK – PL, PSE-Operator S.A. will apply netting procedure and will offer transmission capacity at the level exceeding the level of calculated NTC

## Forecast values of cross-border transmission capacity for December 2007

PSE – Operator S.A. publishes herewith forecast of cross-border transmission capacity which was calculated with consideration of transmission system security standards and with respect to operating procedure and planning. The forecast has been prepared based on yearly transmission grid maintenance schedule. The estimation is preliminary and will be updated according to monthly maintenance schedules.
